

We are using Arbiter Live for all of our practice, game and tournament schedules. Not only will you be able to see all of your own kids schedules, but you can also see the schedule for all activities going on at RCS.

So please bookmark and save this link: <https://www.arbiterlive.com/Teams?entityId=121612>

As you go into Arbiter Live, here are a few important things that will help you to best use the tool:

- When you first get to the page, please sign-up and create an account. This will allow you later on to sign up for game & schedule updates and messages.
- On the main page of the website, you will see a "Team" tab with a list of "Active Teams." Please click on the team or teams that your child is a part of. There you will be able to see both the game and practice schedule for your child's team.
- On that same page, please click the red "Follow" button. This will allow you to follow your child's team and sign up for messages and updates about games, practices, schedule changes and reminders before games. You also have the ability to sign up for an iCal Link so you can sync it with your Google Calendar.
- When you click on the "Calendar" tab, you will be able to see a calendar for all activities going on at Riverside Christian School.
